About H2O Racing

H2O Racing is an international sports management, marketing and media company responsible for organising and promoting events in powerboat and Jet ski racing – two of the most spectacular and entertaining sports on water.

H2O Racing takes care of all commercial activities relating to three Union Internationale Motonautique (UIM) sanctioned properties:

- F1H2O Powerboat World Championship
- Aquabike Circuit World Championship
- Nations Cup Powerboat World Series

Formula 1 Powerboat Racing

F1H2O is the most spectacular watersport in the world, and the only powerboating World Championship broadcast live internationally.

A SPORT SO FAST, EXCITING AND UNPREDICTABLE THAT IT HAS TO BE SEEN TO BE BELIEVED

Established in 1981, F1H2O is the longest running and undoubtedly most professionally managed series of its kind.

Aquabike Grand Prix

Each Grand Prix is four days of breathtaking action, entertainment and spectacular night shows.

A guaranteed crowd favorite, delivering a true 'WOW' factor which takes the audiences breath away.

It is an event that combines speed, skill, artistry and sheer raw power producing adrenalin-fuelled non-stop action, edge-of-the-seat racing and improbable feats of artistry and acrobatics.

The Location

JEDDAH is one of Saudi Arabia's primary resort cities and was named a Beta world city by the Globalization and World Cities Study Group and Network (GaWC). Given the city's close proximity to the Red Sea, fishing and seafood dominates the food culture unlike other parts of the country. In Arabic, the city's motto is "Jeddah Chair", which translates to "Jeddah is different". The motto has been widely used among both locals as well as foreign visitors. The city had been previously perceived as the "most open" city in Saudi Arabia
